EVERY DAY HOLY MUG FURNITURE / LIGHTING / ACCESSORIES

Ilkka Suppanen on the design "I wanted to create something different from the iconic coffee mug with handle found in office cubicles around the world. Modern people don't just have coffee; They have lattes, cappuccino, espresso, tea or Chai. So I wanted a mug which would look and work equally well no matter the content. On a more emotional level I was thinking that the time we share over a cup of tea or coffee is often a sacred break from our hectic everyday lives. Among other things this inspired me to work with the iconic Holy Grail in the shaping of the mug."
