GRIP CANDLE STICK FURNITURE / LIGHTING / ACCESSORIES

JENS FAGER ON THE DESIGN: "The idea behind GRIP was to create an honest and aesthetic candlestick that through its simple design perfectly unites two basic functions – bringing light and the ease of moving it. When everything is so much reduced to the essence of the function - all the details, proportions and finish really need to be in place, which I believe we succeed in. The name GRIP was chosen to underline these functions, as the shape allows you to perfectly grip the candlestick and move it from the dining table, to the coffee table, the bedside or to another cosy spot."

PROCESS	Aluminium is casted, polished and powder coated
DESIGNED BY / YEAR OF DESIGN	Jens Fager / 2014
TYPE	Candle holder
DESCRIPTION	Candlestick for a single candle. Mix multiple candlesticks and play with colour and tones. The candlestick fits a standard candle with a diameter of 2,3 cm.
ENVIRONMENT	Indoor use
DIMENSIONS (CM)	Ø: 4,8 H: 8,4
