

My Chair

CHAIR IN SOLID BIRCH
DESIGN: SPACE COPENHAGEN
9072

SCALE 1:50

DETAILS

1. My Chair offers comfortable sitting both on its own or in a group with several chairs.

FACTS MY CHAIR

CONCEPT

When Space Copenhagen created My Chair for Stolab, they based their design on high quality material and attention to detail.

Honest, aware, playful and poetic are other words used to describe the idea behind My Chair. The result is an amazingly beautifully shaped, graceful chair that leaves no onlooker unmoved.

Looks just as good on its own or in a group of several chairs near a dining room table or in meeting rooms.

DESIGN

Space Copenhagen
