VISU WOODBASE CHAIR FURNITURE / LIGHTING / ACCESSORIES

Mika Tolvanen on the design "The task was to create a personal interpretation of the ever-relevant plywood chair. I wanted my chair to have an unobtrusive and timeless nature that is familiar but never boring and without sacrificing function or ergonomics. Designing a family of chairs, visually related but for different functions, was an interactive and thorough process lasting nearly two years. In the end, I think every detail is exactly as it is supposed to be."

PROCESS	Shell is formpressed from wood veneer, then lacquered. If specified, then padded with fire-resitant foam and fully upholstered with textile. Wood base is formpressed in veneer. Upholstered versions with textiles from Kvadrat or leather from Camo.
DESIGNED BY / YEAR OF DESIGN	Mika Tolvanen / 2012
